**Outreach to New USVI Environmental Commissioner:** On 2/20/19 RA Pete Lopez and the Region's senior staff met by conference call with Jean-Pierre Oriol, recently appointed as Commissioner of the U.S. Virgin Islands' Department of Planning and Natural Resources. A new administration took office in the USVI in January; this was our first opportunity to confer with Commissioner Oriol. The Commissioner's priorities include resolving the Territory's "high risk grantee" status; continuing post-hurricane recovery work; the future Limetree Bay Terminals refining facility on St. Croix (site of the former Hovensa refinery); and addressing the Territory's solid waste crisis (including two non-compliant landfills at near capacity).
